ADDITIONAL DATA AND OUTCOMES

Discuss additional data and outcomes that support your school-wide behavior goals (e.g., academic data, faculty attendance, school surveys, training, ESE referrals, referrals/suspensions by grade level, location, problem behavior, time of day, student, class, etc.).

Each of the team members were given a School-wide Behavior Implementation Checklist as homework. They are to return the information on October 2, 2012 for discussion and implementation.

PROGRESS TO GOALS

Provide a brief statement describing your progress towards each goal in your school-wide behavior management plan. Please refer to and discuss your current data and outcomes.

1. Out-of-school suspension

We desire to reduce OSS suspensions by 1%

2. Attendance

We are striving to move the attendance rate to 94.5%

3. Bullying

We've already transmitted a school wide message to teachers and students about the many examples of bullying. We expect to have monthly training on the various categories of bullying.

4. Office Discipline Referrals

The implementation of ISS has helped us a lot. We now look to decrease the numbers in ISS and OSS.

**DISCUSSION (continued)
- END-OF-YEAR ONLY -**

4. What are some revisions that may need to be made to your plan for the next school year?
N

5. What additional goals, data, or outcomes does your school need to consider for the next school year?

6. Are there any resources or supports needed to facilitate improvements for the next school year?

IMPORTANT: Before convening, discuss when and how often the school-wide behavior team will meet to develop the school-wide behavior management plan for the next school year. Remember to consider the planning time, preparation time (e.g., materials and training), resources, and the faculty and staff training time involved in developing your plan prior to its implementation in the next school year.

Please attach meeting minutes, other meeting documents, and any visual/graphic displays of data and outcomes.
