ADDITIONAL DATA AND OUTCOMES

What other data or outcomes will your school use for continuous monitoring of your school-wide behavior management plan (e.g., academic data, faculty attendance, school surveys, training, ESE referrals, etc.)? The outcomes may also include various ways of analyzing school-wide behavioral data as outlined in the *School-wide Behavioral Data Guide* (e.g., referrals/suspensions by grade level, location, problem behavior, time of day, student, class, etc.).

Referrals will be analyzed using the following categories:

Types of referrals: Major/Minor/Bus, etc. and will be broken down by Month and Grading Period

Grade Levels to include all subgroups in grades 6/7/8

ESE Grade Levels in grades 6/7/8

Subgroups: Gender/Ethnicity/Socio-Economic/Teacher

Data regarding referrals will be gathered for each month and at the end of each nine week grading period during the 2012-2013 school year. The discipline team will meet at the end of the nine weeks, as noted on page four section one, to discuss the problems that need the most attention. Programs including, but not limited to second step in the ILO Program, will be used to address areas of concern regarding the types of referrals the Dean's office is receiving and working.

Teacher referrals will be tracked and monitored as in previous years. The administration will work closely with those individual teachers who may need professional development on classroom management if deemed necessary.

SCHOOL-WIDE BEHAVIORAL GOALS

1. Out-of-school suspension

It is the goal of the faculty/staff of EWMS to further reduce the number of Out of School Suspensions (OSS) by providing alternative methods of discipline designed to keep students in school. By utilizing a daily In School Suspension (ISS) program and an In Lieu of Program (ILO) the use of Out of School Suspensions (OSS) should decrease.

2. Attendance

A reduction of OSS will positively impact student attendance, keeping students in the learning environment. Suspension and expulsion should only be used when dealing with extremely difficult and challenging behaviors and as a last resort. Additional incentives will be added to improve attendance for the entire student population. EWMS will use School Messenger and each homeroom teacher will alert the parents after five (5) absences.

3. Bullying

Bullying of any kind will not be tolerated at EWMS. In order for optimal learning to take place, students must be and feel safe within the school environment. Faculty, staff, and students will be trained to identify potential bullying situations and to intervene before situations escalate. All incidents will be reported to school administration and School Resource Officer (SRO) for further investigation. All school personnel will be on high alert as we work to control bullying! Our SRO gives an in-depth presentation regarding bullying and being bullied during the school year, a "Bullying Hotline" is provided by the county office, and Lakeview personnel give period-long discussions on bullying. An "anonymous tip box" is located in the library for students to report bullying.

4. Office Discipline Referrals

Before sending a referral to the Dean, teachers must use three (3) documented disciplinary interventions, including a parent contact. Parental contact allows the teacher to alert parents so they can "talk" to their child regarding the problem, and hopefully correct the problem before a referral is issued. Serious Breach of Conduct or Very Serious Breach of Conduct is an automatic referral per the Rights and Responsibilities Handbook.

PROGRESS MONITORING

Your school-wide behavior team should meet to review data and discuss concerns or revisions to your school-wide behavior management plan once a month and complete progress monitoring forms quarterly. Describe when you plan to meet (days, location, and time) throughout the school year.

October 23, 2012 in Dean's Office-after 1st grading period
January 9, 2013 in Dean's Office-after 2nd grading period
April 30, 2013 in Dean's Office-after 3rd grading period

Describe the procedures that your school will use to collect, summarize, and analyze the behavioral data prior to team meetings. Procedures are required for entering the information into the database, summarizing the data, and developing graphs using the *School-wide Behavioral Data Guide*.

The dean will enter all discipline data into TERMS. Reports from TERMS containing information about referrals, ISS, OSS, ILO, and attendance will be used to generate information needed. These reports will be used in the Discipline meetings as well as in general faculty meetings for more complete understanding by all stakeholders of problem areas or of areas needing improvement.

How will your school document the school-wide behavior team meetings?

Information will be distributed to faculty, staff, and committee members through written minutes of the Discipline committee meetings. Our school will invest in practices and procedures that are supported by rigorous research evidence such as the In-lieu-of Expulsion and in-school suspension programs. These programs have demonstrated positive results for the students and their families.

Describe how your school-wide behavior team will share the data and outcomes with your faculty, staff, and other stakeholders?

The discipline committee will meet at the end of each nine weeks to review data. We will share the data and progress at the end of each nine weeks with all of our faculty and staff. We are encouraging Bus Drivers and Support Personnel to become an integral part of this process.

TEACHING EXPECTATIONS AND RULES

How will your school introduce the school-wide expectations and rules to all of your students and staff?

Faculty and staff will be introduced to rules and expectations during pre-school planning days with round-robin training sessions. They will receive written handouts for future references. Students will receive Rights/Responsibility Handbooks during the first week of school. Social studies teachers are responsible for going over the material in the handbook with a test to measure student comprehension. This added emphasis comes after the Dean has spoken to the students emphasizing areas of concern from the previous year and any changes regarding the R/R handbook. Grade-level meetings are held by the administration during the first weeks of school to discuss rules/expectations. Meetings are video taped to be used for late arriving students and new students.

During the school year, what activities will your school implement to encourage on-going direct instruction of the school-wide expectations and rules? How will your school embed the expectations and rules into the daily curriculum?

Students can earn Positive Behavior reports from their teachers and these reports will be sent home. Students-of-the-Month Awards will be given to deserving students each month in each grade level. Extra privileges (eating outside, assemblies, pep rallies, etc.) may be earned. Also, field days will be held during the year. Pride slips can be earned by students in different ways. In hallways there will be Bulletin Board Recognition that displays "Random Acts of Kindness" throughout the year.

How often will you plan to provide refresher training on expectations and rules to staff and students in your school? How will you orient and teach new students who arrive mid-year?

In-service training provided by staff and/or administration, as needed.
Mid-term reports sent home to parents.
Positive/Negative Behavioral reports sent home to parents when warranted.
Proactive faculty members will contact parents/guardians by phone calls or e-mails when problems arise and before problems escalate.

REWARD/RECOGNITION PROGRAM

What type of reward system will you use?

Positive Behavior Reports
Students of the month in each grade level
Additional Privileges (pep rallies, homework passes, field days, hat days, etc.)
Candy awarded at lunch and an Ice Cream Social for students with zero referrals

Describe the behaviors for which you will reward or recognize students.

All positive behaviors
No discipline referrals
Good grades
Positive attitude
Improved attendance
Seventh period party by grade level for A/B Honor roll

How will you implement the reward system?

Teachers will be required to send ten Positive referrals home each nine week grading period. Teachers will continue to nominate and vote for Students-of-the-Month. Students with zero referrals will be entered into a drawing for prizes.

DISCIPLINARY PROCEDURES

Explain the discipline process at your school. Differentiate between minor and major behavior incidents and describe the process for documenting and addressing both types of incidents.

1st Offense: Teacher gives student a verbal warning

2nd Offense: Teacher holds a conference with the student

3rd Offense: Teacher makes contact with parent via telephone, email, conference, behavior slip, or home visit

4th Offense: Discipline Referral

All discipline handled by each teacher is kept on file by the teacher. Grade-level leaders and grade-level teams are encouraged to talk to each other to see if something another teacher is doing may be working with that student. The dean, grade-level leaders, and administration has access to this information and the steps the teacher has taken to remedy the situation.

Documentation will be completed for all incidents. The administrative dean will follow the adjudication guide for determining minor/major behavior incidents.

What intervention strategies will your school use to prevent behavior that results in discipline referrals and out-of-school suspensions?

Seek training opportunities for positive classroom management for faculty. Teachers must use three (3) disciplinary actions, including parent contact, prior to writing referrals for minor offenses. ISS and campus beautification work detail programs should reduce the use of OSS. Alternative to suspension is provided for students through Informed Families program.

**The School District of Escambia County
SCHOOL-WIDE BEHAVIOR MANAGEMENT PLAN**

DISCIPLINARY PROCEDURES (continued)

What are the consequences or disciplinary actions that are used in your school?

Warning	Parent/Teacher Conference
Time Out	Behavior Contract
Work Detail	Disciplinary Meeting
Detention	Bus Suspension
In School Suspension (ISS)	Out of School Suspension (OSS)
Expulsion	In Lieu of Expulsion (ILO)
Criminal Charges	Guidance Office

All SESIR incidents and serious offenses will be reported to SRO and law enforcement.

For Middle or High Schools:

How do the adjudication guidelines complement your disciplinary procedures?

County adjudication guidelines are followed to ensure firm, fair, and consistent discipline at Ernest Ward Middle School which follows county procedures outlining the middle school action levels and number of offenses.

SCHOOL-WIDE BEHAVIOR MANAGEMENT PLAN**

TRAINING AND IMPLEMENTATION

Describe any training needs, material needs, and/or environmental arrangements necessary to implement your school-wide behavior management plan.

EWMS will use funds left from the 2011-2012 and funds generated from the 2012-2013 school fundraisers to provide rewards and incentives. We will work with FDLRS and district resources for training that our teachers may need. After looking at data, EWMS would like to secure groups and/or mentors to help provide training and resources to our students who are in need.

Describe how your school will train all faculty and staff on your school-wide behavior management plan. How will you orient and teach new faculty and staff who arrive mid-year?

Training will be provided for the faculty and staff during preschool, team leader meetings, grade level meetings, and faculty meetings. Training will be ongoing as needed.

What school-wide routines and procedures will be implemented by all faculty and staff to facilitate your school-wide behavior management plan?

Positive Referrals, Coupon reward procedure, participation in pep-rallies and other in-school functions, mentors, and pre-referral intervention procedures.

The School District of Escambia County
SCHOOL-WIDE BEHAVIOR MANAGEMENT PLAN

TRAINING AND IMPLEMENTATION (continued)

How will you achieve and maintain faculty and staff buy-in to your school's plan?

Faculty/staff will be trained on ways to "redirect" students in hope of reducing discipline referrals. Team leaders, teachers, and staff will be asked to share three successful strategies, implementation, and outcomes. Then they will be asked to share what they have done in the classroom that works and did not work and why.

Describe how you will monitor the implementation of your school-wide behavior management plan.

The behavior team will track the number of positive referrals, redeemed coupons, contacts home, and student referral data.

How will your school actively involve parents and community members in the activities and programs that involve teaching and rewarding the school-wide expectations and rules?

EWMS actively seeks parental input. Our goal this year is to involve parents and community members in helping our youth by becoming mentors, volunteers, and role models. We also are developing a "principal's advisory committee" which will be made up of students (club/class/organization officers). This committee will meet quarterly with the principal during a "working lunch" seeking ways to improve school discipline. The Goal of the Principal's Advisory Committee is to involve the students in the process and setting examples.
