DISCIPLINARY PROCEDURES

**The School District of Escambia County
SCHOOL-WIDE BEHAVIOR MANAGEMENT PLAN**

How do the adjudication guidelines complement your disciplinary procedures?

Teachers will seek to eliminate disciplinary problems with individual students by personal conferences with the student, administration, the student's other teachers, parents, and through examination of cumulative records.

If a student's conduct is such that it is impractical or impossible to handle through classroom management, he or she will be sent to the principal. It is expected that prior communication between the teacher and the parent will have occurred regarding the child's behavior, the exception being a single instance, which is of a serious nature. As a general rule, parents will be well aware of a behavior problem through some form of documented communication by the teacher prior to a child being sent to the principal. Also, this same communication will occur between the teacher and the principal so that the principal is aware of this problem. WEEKLY CITIZENSHIP GRADES WILL BE SENT HOME.

Teachers will keep a log of discipline problems in the discipline logs. Teachers, as described in the district's adjudication guidelines, typically handle minor incidents, in the classrooms. However, students who routinely commit these minor behavior incidents can be referred to the principal or assistant principal. The visits to the office are documented on the district's discipline referral and/or the administration's discipline logbook.

Major incidents as described in the district's R&R Handbook are immediately referred to the office and are documented on the district's official student discipline referral.

What school-wide routines and procedures will be implemented by all faculty and staff to facilitate your school-wide behavior management plan?
